NoSQL
PWAs
React
MERN
State
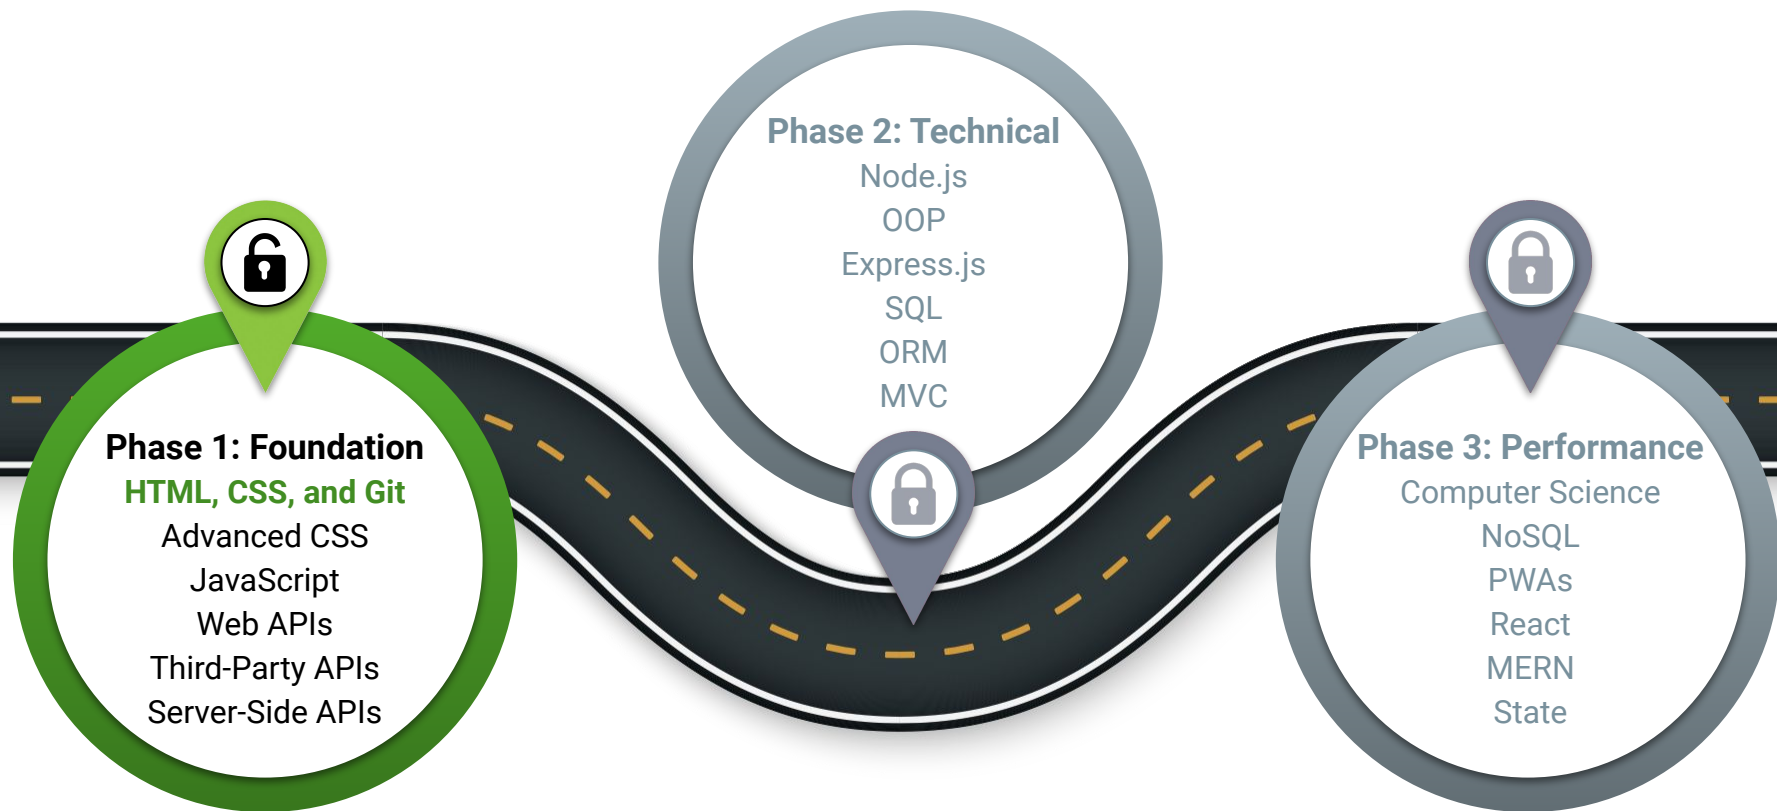

Boot Camp Pointers

As you work through this module, remember the following:

01
Your Bootcamp Spot material is connected to the activities we'll complete during class. It's all part of the journey!

02
Completing the coursework will give you the skills you need to succeed on the graded Challenge assignment.

03
Be proactive in using office hours to get help with setting up your system. We're here to help!

This Week:
HTML, CSS, and Git

This Week: HTML, CSS, and Git

By the end of this week, you'll be able to:

Create and remove files and folders by using the command line

Create and style a simple portfolio using HTML and CSS

Implement relative paths to connect files among directories

Deploy a project using GitHub Pages

This Week's Assignment

How will you use this module's content in your next assignment?

Career Connection

How will you use this module's content in your career?

How to Succeed This Week

Tips for Success: HTML, CSS, and Git

Keep the following tips in mind:

01

The first four weeks will introduce a lot of new information.

It's okay if it's a little tough or takes a while to get through. In fact, that's expected!

02

It's important to be patient with yourself while you get into the swing of things.

Use challenging moments to adopt a growth mindset.

03

Googling and reading documentation is part of any developer job.

Take every opportunity to build this valuable skill.

Today's Agenda:
Which skills will you learn today?

Make sure that you've downloaded the relevant class files!
